

HOW TO CONNECT YOUR DEVICE (e.g. PC, smartphone, etc.) TO THE INTERNET

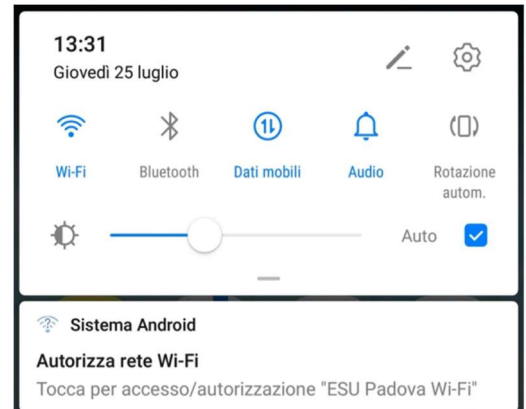

Wi-fi is available in all residences. Cable connection is also available in the rooms.

If you want to use a LAN cable (not supplied, bring your own), connect your device.

If using Wi-Fi, choose the “ESU_PADOVA” connection.

1. Press on "Authorize Wi-Fi network" between the notifications, or open your browser, write <https://secure.guglielmo.biz> in the address bar and press ENTER.

2. If **nothing appears** on the Web page, it is necessary to change the device settings.

Per utenti esperti:

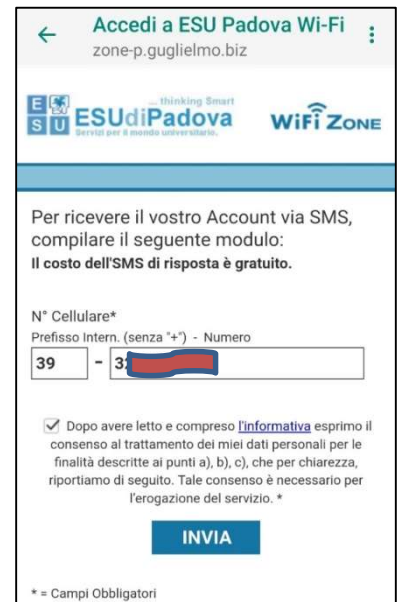

- a. Set an IP address automatically (DYNAMIC IP)
- b. Set the DNS server address automatically (DYNAMIC DNS)
- c. Disable proxy server
- d. Set as browser home page <http://www.google.com>

3. To obtain the access code, click on “REGISTER”, under “New User?”.

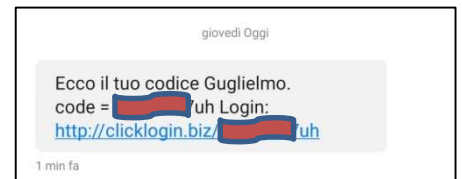

4. Enter, respectively, the international prefix of your mobile number and the number itself in the two adjacent fields; tick the section "After reading and understanding the information ..." and press "SEND". ATTENTION: an Italian telephone number may be required.

5. Check that the number is correct: press "Confirm" if it is, otherwise press "Cancel" and go back to point 5.

6. After receiving the message from FASTWEB, follow the link contained in it, keeping in mind the Guglielmo code assigned. Skip to step 11 if there have been no problems so far.

7. An international phone number may be restricted and not accepted if the SIM is anonymous, or the credentials may arrive after a few hours. Alternatively, you can request them using your credit card: click on "credit card"

Please note that due to the international roaming agreements between mobile operators your SMS message might be affected by unpredictable delay. In case of missing receiving you can obtain valid credentials by using your credit card for the authentication with no cost.

8. Check the MILESTONE offer, enter your personal data, choose the payment method and click on "Pay now". You pay € 0.01 which will be refunded..

MILESTONE (1 anno - FUN)
365 giorni di navigazione Wi-Fi senza limiti da qualsiasi location FUN Guglielmo in Italia.
L'account ha durata massima di 12 mesi a partire dal primo minuto di accesso esclusivamente dal dispositivo con il quale sarà effettuata la prima connessione.
Le location FUN nascono per offrire connettività all'utenza nomadica pubblica, ovvero studenti e comuni cittadini. Si tratta di specifiche applicazioni wireless destinate a servire le aree pubbliche quali parchi, università e biblioteche.

ATTENZIONE! Il sistema di pagamento invierà una e-mail che contiene un addebito di 0,01 €, ma verrà automaticamente stornato dal sistema.

€ 0,00 - Acquista

9. For problems in obtaining your credentials, contact:
"ESU Sassa Office (Via Tiepolo, 50-35129-Padova)"

10. On the web page <https://secure.guglielmo.biz> (to find it, repeat step 3) enter the Guglielmo code, check "I agree" and press Login. At this point, you have access to the service. The credentials can be used on multiple devices, up to three, even simultaneously.

11. **ATTENTION: ESU is always enabled to browse after the first identification for one year; the device automatically connects to the designated areas and it is not possible to log off. Anyone can navigate in the name of the owner, who responds to the terms of navigation law. We therefore recommend that you DO NOT LEAVE authenticated devices UNATTENDED and to take this into account if you want to sell, give or lend them.**

12. For problems occurring after registration, please call **GUGLIELMO CALL CENTER** number: **+39 05221606612** to which the bilingual Guglielmo help desk ITA / ENG responds 24H / day and 7/7 days, or write an email to help@guglielmo.biz for assistance.

**ATTENTION THE WI-FI INFRASTRUCTURE USES
DUAL-BAND TRANSMISSION (2.4 - 5 GHz).**

**FOR BEST USE REMEMBER TO ENABLE THE
DUAL-BAND TRANSMISSION ON YOUR DEVICE.**
